TEEN SCREEN
at YoFi Fest
(The Yonkers Film Festival)
Saturday October 18 @7pm
Riverfront Library
1 Larkin Center, Yonkers**

This year YoFi Fest is hosting a Teen Screen for young adults aged 14-17 who are interested in becoming filmmakers, studying film or working in the film industry.

We have chosen 15 global, independent, live action and animated short films from our YoFi Fest 2014 program. Because these are films that generally only play at film festivals, young audiences rarely have a chance to see them.

We have invited several young film enthusiasts to help host the event as well as film students and filmmakers for a post screening conversation.

At YoFiFest, we are committed to creating a community where people can get together to watch and talk about movies. RSVP yofifest@gmail.com.

YoFi Fest is a film festival that gives adult audiences a chance to watch and talk about new movies and to see new works by emerging artists. Screenings include features, shorts, music videos, animation and student works on all three days. Saturday and Sunday start with movies and workshops for kids in the morning. In the afternoons, along with screenings in two theaters, we're offering a "mini film school" Each day of screenings is followed by an "after-party" that evening where filmmakers and VIP Pass holders get a chance to talk in a fun and casual setting at some of the best nearby restaurants and lounges. YoFi Fest is easy to get to, fun to hang out at and not to be missed.
